FLASH!

IT IS NOW OFFICIAL – THE U.S. MINT WILL PRODUCE THE 1967 PANAMA PROOF* SETS

THE REPUBLIC OF PANAMA hereby announces that it will now accept orders for 1967 Panama Proof* Sets. Each set will consist of one Balboa, one Half-Balboa, one Quarter Balboa, one Tenth Balboa, one Five Centesimos, and one Centesimo. The Crown size One Balboa will be 90% silver content. The alloy for the other coins will be the same as that of U. S. coins in comparable denominations.

THE 1967 PANAMA PROOF* SETS WILL BE STRUCK AT THE U. S. MINT. Each set will be attractively packaged to U. S. Mint standards.

THE QUANTITY TO BE STRUCK will be equal to the number of orders received. This means there will be no leftover quantity hanging over the market. This also means that the 1967 sets will become non-available (the same as 1966 sets, except from original purchasers who may wish to sell) after the acceptance of orders has been discontinued.

THE REPUBLIC OF PANAMA joins the United States and Canada as the third country in the Western Hemisphere to issue proof sets on a yearly basis. We view the opportunity to order the early Panama Proof* Sets as being similar to ordering the new U. S. Proof Sets back in 1936, or the Canadian Proof-Like Sets when they were generally available in 1954.

THE PRICE of $15.00 PER SET will be maintained to all. There are no secret discounts or other reductions.

1966 PANAMA PROOF SETS ARE NOW HISTORY. All 1966 Panama Proof Sets were delivered to the original purchasers in May. The quantity minted was limited to 12,701 sets with over 5300 purchasers, which represents an average of slightly over 2½ sets per order. The 1966 Panama Proof Sets were struck at the U.S. Mint and the popularity of these sets has already created premium prices.

AUTHORIZED AGENT OF PANAMA. For your convenience, the Republic of Panama has appointed Paramount International Coin Corporation to act as authorized world-wide agent accepting orders for the Proof* Sets. Place your order with confidence.

HALF EAGLES ($5.00 GOLD)

806. 1829 Type #2 Small Date $5.00 Gold. Lustrous About Uncirculated to Uncirculated, with proof-like surface, showing very faint handling abrasions which is consistent with most known specimens of this extreme rarity. The 1829 Type #2 is the type of 1830 with beaded borders and a minutely smaller planchet than the Type #1 which was similar in design and size to the 1828. This coin is not only a tremendous rarity, but also refutes any idea that it is impossible for new rarities to be discovered.

This coin was located by Mr. Leon Hendrickson in an estate in Yorktown, Indiana, and had been a family heirloom since being presented as a wedding present nearly 135 years ago. Unfortunately, the parties connected with the estate do not wish their name advertised but it will be furnished to the proud owner of this numismatic rarity.

The 1829 Half Eagle is nearly as famous as the 1822. An exhaustive research brings to light only six specimens known, those being as follows: 1) the Smithsonian Institute; 2) the Norweb Collection; 3) Omaha City Library Collection; 4) Eliasberg Collection; 5) One sold at the F.U.N. Sale in Miami Beach, Florida, the ex-Dunham specimen, Lot #4187, in 1963, at the then record price of $21,500.00.

An extensive article on the 1829 Half Eagles appears in the March, 1966 issue of the Numismatic Scrapbook on page #745-747.

We are proud to offer this outstanding rarity which will be sold to the highest bidder without reserve.

It is our opinion it should realize between $20,000 and $25,000
